

APOSTLES

1. PETER – A RECALCITRANT FOOL

A feverish nightmare
A hollow inside the time
A decadent seizure
Erases into the sand

Ideology does not make for safe
Cryogenic minds are not that way
Simple men are wandering in the wind

Give the gift of life if you can't see
Take the polymer from molecule
It's an industry of amulets
It's an attitude of supplicants

A master invades us
A message without a voice
Intransigent capture
To follow is not a choice

Incense burns among the Pharisees
Tame the heathens now, they gather here
Mace and tear gas rise into the air

2. ANDREW - A WATERTIGHT BIRTH

Life is an illusion
One that you can count on to be gone
Follow up the staircase
Never question anything that's gone
Fellowship is always tenuous
If never talked around
Breaking bread at the table
Pass the wine and solemn all around

Why don't you enjoy this ever day
Why don't you look toward another life
Why don't just turn and run away
Why don't you avoid the cutter's knife

Better to remember
Than spend a day with dark
Cruising through the stop signs
Hallowed men are dark
Facing retribution
Tangling with alone
Step on all the normal
Fears of all, it's gone

Why don't you enjoy this ever day
Why don't you look toward another life
Why don't just turn and run away
Why don't you avoid the cutter's knife

3. JAMES - A SIMPLE STYE

Oh substantial holy state
Cooling down with a Vatican faith
Rolling in with a feast that day
Bones and bones in a crevice down under
You tie my legacy away
You force my feast asunder
You missed of a genuflect hand
Tied and tortured giving up with thunder

Oh, such a beautiful horn
Oh, and nothing tastes the same
And something stays the same as before

Captain, cynic, carpenter's fool
Chosen for a nascent halibut
Stay inside the holy testament

Oh, such a beautiful horn
Oh, and nothing tastes the same
And something stays the same as before

4. JOHN - A TACIT SURRENDER

I don't know what you want from me, I don't know
Following you around the desert we go
Infamous soldiers sent by Herod in tow
Outside the temple is a place of inception

Oh, we go
Oh no, we go

Sinister visions of a death without anger
Molotov cocktails in a spacious meander
Crucify Jesus and the world will be better
Fallacy zealots follow men of a feather

Oh, we go
Oh, we go

Didn't you say that we would find a life better
Chemistry sets are never what we want ever
Go the machine of politics in a fever
Incubate rebels and you find yourself dead

Oh, we go
Oh, we go

5. PHILIP - A TIMID FEELING

A crazy time was not that far away
You son of a bitch, you're coming here to stay
You realize you fall alone to be
A crazy time, a crazy time you see
A sin above, the sinners gone all main
A crazy time, a crazy time insane

Sadducees will tinker with your soul
The sinners all appreciate your whole
A rough and tumble Roman with disease
A crazy time, a crazy time you see
All sinners have an adjective domain
A crazy time, a crazy time insane

The soldier's fortune we will need to sniff
Lances, knives, and staves for us to see
Judges, martyrs, flagellants are here
A crazy time, a crazy time to see

Crazy

A crazy time
A crazy ball
A crazy death
To Christ to see
You've all to go
Molotov
And cocktails of the wall to me

6. BARTHOLOMEW - A BLANK FACE

I feel a mindset of cold
I follow the test of reasons of fool
A testament rests beyond all the hype
A Jesuit rests, a simple respite

I see you below when I need you
I feel nothing more from you
You violate to man as you leave me
Can the sustenance of bread
Be the salvation of flesh if you leave me

I feel a mindset of cold
I follow the test of reasons of fool
A testament rests beyond all the hype
A Jesuit rests, a simple respite

7. MATTHEW - A MYSTIC FEVER

A sense that the wisdom has ended
A sense of the ending of time
The rock hasn't cured in the oven
The simile isn't that clear
We got a job to do today
We got another convert
They're coming to shut us down today
They're coming to take us away
The simile isn't that clear
The rock hasn't cured in the dare
A sense of the ending of clear
We sense that the wisdom is near

8. THOMAS - A BEAUTIFUL CAMOFLAUGE

I'm falling apart
I'm falling
I'm falling apart
I'm falling
Doubting the love and laughter
Doubting, it doesn't matter
Doubting, it's falling apart at the seams
I cry for Zion apart from a king
A monument made for a king
The sum of the parts are unseen

You're breaking my heart, you're breaking
You're breading my soul, you're breaking
Feeling like hornets stinging
Feeling like labored thunder
Feeling like a rain inside of a dying cloud

9. JAMES - A FORTUNATE STATE

Freedom
It's what we know
It's how we roll
Freedom
It's what we know
It's how we roll
The syncopation of this day
The sole perception of the saved
Freedom

You see the same men of angels and demons
Tame
You go
Can't see
Every
You see the juices of demons and kind of a tame
You see
Everyone
Can it be
You see the water reprising and all this attain
You see
You see
You see

Freedom
It's what we know
It's how we roll
It's freedom
It's what we know
It's how we roll
The syncopation of this day
The sole perception of the saved
Freedom

10. THADDEUS - A GROUNDED RELIEF

It gets to falling with weather aligned
I hear the screaming of the parasite land
I hear the suffering all alone in blood from above
Oh he's quivering with death knocks on his face all come from above

I catch a rising from a stone in air
The putrid wailing in a hill of earth
A constant vigil we prepare the world for his time
A thunder rolling from a mountainside of cheering, cackling souls

I see him roll the stone away
I see the cloth fall down from his body
And the blood pour from his wrists
And his legs, and his feet
I see the women bring cold water for his head to cool him down
I see all these things
Just as I see my face, my hands, my feet
Here today soft, moist, healed
Indeed I see my savior
